CATALOG CONTENT

This catalog provides basic information and characteristics for our Qualified Donors. Please consider it a general guide rather than a list of available vials. Additional information including regularly updated vial availability can be found at cryobank.com.

DONOR INFORMATION

California Cryobank (CCB) provides Donor Profiles, Staff Impressions, Medical Histories and Donor Personal Essays free of charge to help you select a donor. The following donor information is also available at cryobank.com or through our Client Services at 866-9-CRYOBANK:

- Extended Donor Profiles
- Childhood Photo(s)
- Donor Conversations
- Express Yourself
- Facial Features Reports
- Keirsey Temperament Sorter

We strongly suggest reviewing Extended Donor Profiles prior to ordering specimens.

DONOR AVAILABILITY

All current qualified donors are included in this catalog. Please check our on-line catalog or call our Client Services Department at 866-9-CRYOBANK for the most current vial availability.

Donor specimens are available on a first come, first serve basis. We cannot guarantee donor availability and therefore recommend that you purchase and store extra vials for later use.

TIPS TO SELECTING A DONOR

Simply log on to cryobank.com and click on the Donor Search tab. Begin by entering a couple of your key preferred donor characteristics such as height and ethnic background. Then add additional criteria like eye color, education, complexion, etc. to narrow your results. Open your free CCB account to save your searches and download free donor information on your top choices.

OPEN DONORS

Open donors have agreed in principle to at least one contact with any offspring once the child reaches 18 years of age. For more information, please visit cryobank.com or call 866-9-CRYOBANK.

SPECIMEN TYPES

California Cryobank offers multiple specimen types:

ICI - Specimens prepared for Intracervical Insemination (ICI); **IUI** - Specimens prepared for Intrauterine Insemination (IUI); **A.R.T.** - Both ICI and IUI preparations, specially designed for use in Assisted Reproductive Technologies, such as In Vitro Fertilization (IVF). Please speak with your physician and be prepared to specify specimen type at the time of your order.

CATALOG KEY

PREGNANCY

“Yes” indicates that we have received at least one pregnancy report on the donor. “No” indicates that we have not YET received a pregnancy report on the donor. From our experience, a donor is on the catalog for six to twelve months before we receive a pregnancy report. However, this varies according to supply and demand.

CMV & BLOOD TYPE

For interpretation and significance, please discuss with your physician.

5 Simple Steps to Purchase Vials

Step 1

Register your personal account at cryobank.com to immediately begin saving your favorite donors and searches, ordering donor information, receiving special alerts and more.

Step 2

Make sure to have the **Authorization for Release of Semen (A1)** signed by your physician so that you may schedule your vial delivery. From the My Account page, click the Account Information link, then the Physician tab and follow the instructions to have the A1 faxed directly to your physician or download the form and bring to his/her office yourself.

Step 3

Select your ideal donor from the industry's most comprehensive catalog using our donor search engine and consultation services.

(Don't forget your A1 form!)

Step 4

Purchase your vials online or by phone at 866-9-CRYOBANK. For online orders, digitally accept the Purchase/Storage Agreement upon your first purchase. For phone orders, fax a signed copy of the enclosed agreement prior to your first purchase. **Remember: You may purchase vials without the A1 but CCB must receive a physician-signed A1 before you are able to schedule a shipment.**

Step 5a

Schedule your FedEx **shipment** online (or by phone at **866-9-CRYOBANK**). Plan for your vials to be delivered 24-48 hours prior to your insemination to ensure that they arrive on time.

Step 5b

Select a vial storage option. Plan for the future using our **Family Today & Family Tomorrow** free storage plans. Donors often sell out, so consider storing extra vials while they are available.
